

Lee Jeffs

After High School, I went to Cedar City at the College for 2 years, where I met my future wife. I then spent 2 years in the Army, one of which was in Vietnam. Upon my return home I married Pam Christensen from Salina. We moved to Logan where we both went to school. She graduated and got a teaching job in Ogden. I transferred to Weber State where I graduated. I got a job as a meat inspector for the State of Utah. We moved home to Castle Dale. After 8 years of being a state employee I started working for the power company and worked as a lab technician and plant operator for 25 years. I retired from the power company and worked for an engineering firm as a project inspector for 6 years. Pam and I served a mission at Palmyra, New York for 1 ½ years.

Pam and I have 5 children, 19 grandchildren and 3 great grandchildren. I've been a farmer-rancher my whole life. Our youngest son took over my ranch, but we have 2 other boys who have their own farms, so they keep me busy.

Over the years I have been on the City Council, served as Chairman of the board of the Castle Valley Co-op, served in the bishopric, operated a backhoe for the irrigation company for a lot of years, was active on the Farm Bureau board for many years, was in charge of all the horses and wagons at the Castle Valley Pageant for 30 years, served in the Temple for 6 ½ years. We've traveled to over 27 different countries in the world. I've been to all 50 states, and I can still saddle-up and ride all day!
