

Evan Nelson

After graduating from high school, I attended Snow College for two years.

That summer I joined the army reserve completing my basic training at Fort Ord, California. I then returned to Salt Lake City where I roomed with Wilford Cox and Pete Grange.

I met Carla Balmforth and we were married on December 16th, 1967. Living in Salt Lake, we bought a duplex where we lived until 1974.

I made a (spiritual) life change and fifty years ago we moved to LaVerkin, a very small town. We have loved living there. We actually live on a cliff overlooking Ash Creek and the Virgin River.

We have four children, Natalie, Melanie, Nathan and Gavan.

I commuted to Salt Lake, Las Vegas, and Los Angeles while working for Western Airlines and then Delta after the two airlines merged. I retired in 2000 after 26 years.

WE are active in the LDS Church. Recently we completed a four-year service mission for Family Support for Addiction and Recovery. We are currently serving as ward missionaries.

I loved growing up in Ferron, going to Emery County High School and the many wonderful memories. I miss my good friend Wilford Cox who passed in 2003....and many other classmates. Go Spartans. May God Bless
