

Diana Cowley Scoville

I have lived my whole life in Huntington and am proud to call it home. My husband and I spent a few years in Wyoming for work, but it was wonderful to come back home. We had 3 children, 2 boys and a girl. I have 3 grandchildren and 7 great grandchildren. My daughter still lives close by, and we have a lot of fun together. We have a lot of family get togethers. Family has always meant a lot to me.

Although I haven't done much lately, I love to crochet and have made several Afghans and rugs.

I have always loved animals and had a special dog. He died about 7 years ago, and I still miss him. I recently got a rescue dog that is a Chihuahua, and I enjoy him.

I wouldn't change a thing about my life. I have been blessed.
