

S. Richard Snow

My story is still going so I don't want this to sound like an obituary.

Wow!! 60 years is a lot of living since our High School graduation in 1964.

I must say that growing up in Orangeville and graduation from Emery County High School was not forgotten and it gave me a good start in life.

I have been in all fifty states of the United States. Plus, I have been around the world at least three times. I have moved forty-four times since I got married to Wilma in 1970. I have two sons, one born in 1977 in Germany, and one born in 1979 in Anaheim, California. Joe my oldest son lives in South Jordan with his wife and five children (ages 10 to 21). Chris my youngest son lives in Kaysville with his wife and three children (ages 8 to 13).

I was in the military and retired as a Full Bird Colonel after 36 years. I was a commander of an Army Unit. I was in the Air Force, and in several National Guard units. The Draft for the Vietnam War got my military career started and I just did not quit for a while.

I am retired Civil Service. I was an auditor. I specialized in computer hacking to improve our security systems both for the military and our personal computers. I did a lot of other audits too. Some of them were boring and I was glad to get them over with. But most of them were educational and exciting.

Education is a lifetime endeavor for me. I have several bachelor's degrees and a couple of master's degrees. I was a CPA for a while.

My wife and I now live in Roosevelt, Utah. We own all the movie theatres in town—two indoor theatres and a fun outdoor Drive-In.
