Aalborg Konference.

Valdemarsgade 2.

Aalborg, den Aug. 18^{de} 1911.

My dear Friend and Bro. O. J. Sitterud,

Orangeville, Wash.

Your most welcome letter of June 18th I received in Christiania July the 8th when I was on my way North for the midnight Sun. I am pleased to see you returned home in safety & are enjoying home life also feeling fine.

Well Bro. Sitterud I also expect to be home again and enjoy the same blessings, if my affairs don't get in better shape before next Spring & I have to continue with the same expense & no income I will then expect to be home next Spring if all goes well.

I returned from my Norway trip on the 5th inst. it took me exactly one month from the day I left Aalborg & returned in company with another Elder from this Conf. and we had a fine trip successful in every respect as we carried out our Program very well, seeing the midnight Sun on the 21 & 22 of July, also visited the three Kings in Norway & Stockholm & Goteborg in Sweden and I have so many greetings to you from saints & Elders in Bergen Conference, the Pres. in Bergen went with us to the Midnight Sun & we visited Alesund on our way, we took the Train from Christiania to Bergen over that wonderful R.R. which is a sight for a tourist to travel over, we landed in Christiansand from

Kindly remember me to all my friends in Orangeville, and if you please my very much to get a few from you again when you time permit. It is about 100 miles. R. C. W.

Oslo and went by way of Arendal & Larvik to Christiania, and I think Norway is a most wonderful country to sail in, as I had no Idea that we were to sail in among the Mountains as we did.

On our way back we went through Sweden and sailed down that wonderful canal from Stockholm to Goteborg where we passed through 75 Locks in order to get over the high points between those two cities & it took us 56 hours, but it was a grand sight all the way. Now Brother sitting that was the plan & route I had laid out for you & myself to had taken when you was in Bergen, also if we could had O. J. A. to have gone with, but you did not stay long enough & Ouf could not go, so I got the Post. from Bergen anyway, but of course it was not you which I should have liked very much that you and myself could had made that ^{trip} together as it would always have been a trip we would never ^{just} forget, but now as it is I have been over your field of labor & seen what kind of a place you did have to live in which give me that much satisfaction. I suppose you know that Bro. O. J. has been promoted to Post. of Copenhagen Conf. which promotion he is intitle too for his faithful work I see from the Progress that the Hon. B. F. Luke has decided to leave your city & go to S. L. City, I always thought he made plenty of money where he was, who is gone to be the Supt. of the Conf. In conclusion I wish you success in your labor & accept of my best wishes & kind regards to yourself & family from your Bro. & friend. (Dis. in the Postal card I send you from the midnight Sun.)
